

Aeolus SteeringAce Summer UHP (AU04)

Incredible handling meets the street.

The SteeringAce is an ultra-high performance summer tire for sports car enthusiasts seeking superior steering stability and braking performance.

VEHICLE APPLICATIONS:

BMW 330Ci and 330i, Audi A3 with sport package, Genesis 2.0T Coupe, Mercedes Benz C-E & SL class, Mitsubishi Lancer Evolution, Acura NSX, Lexus IS 350

COMPETITIVE PRODUCTS:

Pirelli P Zero Nero, Michelin Pilot Sport, Kumho Ecsta LE Sport, Yokohama Advan Sport, Continental ExtremeContact DW, Hankook V12 EVO K110, Nexen N100, Nankang NS-20

Features & Benefits:

ADVANCED TREAD DESIGN

Four longitudinal grooves are linked with a "V"-shaped shoulder block for excellent water evacuation to avoid hydroplaning.

CENTRAL RIB DESIGN

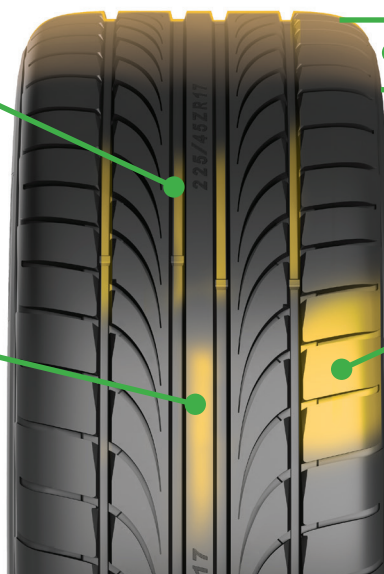

Continuous, solid central rib transfers lateral forces to deliver improved on-center feel at highway speed.

ADVANCED SILICA NANOTECHNOLOGY

Tread compound delivers the optimum balance for wet and dry traction, including fuel efficient tread life.

LARGE SHOULDER BLOCK

Designed to provide improved lateral traction at higher g-forces.

Aeolus SteeringAce Summer UHP (AU04)
